

STOKENCHURCH PRIMARY SCHOOL & NURSERY

AIMING HIGH ... FLYING HIGHER

Everything we do makes a difference to our children; empowering minds and shaping futures.

In preparation for your child starting school with us, please share these photographs of our **Reception Provision** so they can familiarise themselves with the environment before they come to visit. We are very much looking forward to meeting you and welcoming you to our school.

This is the entrance to our classrooms.

We are lucky to have a wellie rack. We use our wellies for playing in our sand pit, mud kitchen and water stations.

This is our cloakroom.

When you start at school, you will have your own peg with a name card above it. This is for you to hang up your coat and bag. There are also some extra pegs which have our overalls on – great for messy play! We also have a unit for your water bottles and lunch boxes.

READY RESPECTFUL SAFE RESILIENT CURIOUS CONFIDENT INDEPENDENT SUCCESSFUL

This is our outdoor provision

We have a large climbing frame in the centre of our outside space, a mud kitchen and a water station. We also have a huge story telling chair, giant sand pit and a wigwam. Our creative cabin has a painting station, small world area and a large board for mark making. Our huge grassed area has a variety of construction equipment and we have a big stage and an assortment of dressing up clothes.

This is our indoor provision

Our classroom has a large carpet area – we use this for our learning time with an adult. We have a home corner, a builder's yard and a table-top train station. We also have a light table, writing station, a small world area and a reading den. Plus, a variety of tuff trays set up with different activities linked to our key texts.
