

Stokenchurch Primary School and Nursery

We aim to create within each child a feeling whereby they attend eagerly, leave with regret, and remember with pride

In the words of Ofsted:

“This very large primary school has established a warm family atmosphere where the pupils thrive and develop outstanding behaviour and attitudes’ and each pupil is known and valued as an individual. This is the basis for the very high expectations demonstrated across every aspect of school life.”

“The quality of teaching is outstanding, setting high expectations and giving the pupils the motivation and determination to achieve their very best. “

“High-quality training opportunities are established to support the continued development of all members of staff.”

“The exciting curriculum engages all children and establishes high ambitions for all. Pupils show a keen interest in world events and important moral and environmental issues, which adds greatly to their self-esteem, confidence and personal development. “
