

STOKENCHURCH PRIMARY SCHOOL & NURSERY

AIMING HIGH ... FLYING HIGHER

Everything we do makes a difference to our children; empowering minds and shaping futures.

Reading Spine in Nursery (Key Texts)

Please note; during the first half term children are exposed to high quality texts carefully chosen to support engagement and develop skills in listening and responding during the children's settling in period. Texts will also be carefully chosen to link to the children's interests and this will vary depending on the cohort. In addition to our key texts the children will have exposure to a range of high-quality texts which encourage them to develop a 'love of reading' and help them to build narratives into their play.
